Longview/Kelso Show

August 30-31, 2008

On Saturday my Pauli (BoDean's Six-Pack St. Pauli Girl) went BOB over 4 Specials and her brother Buddy (BoDean's Six-Pack Alhambra con DeJa'Vue) went BOS. Pauli received a 4 point major and Buddy received a 3 point major. Thanks to Judge Dana Cline for honoring my pups.

On Sunday Pauli was again BOB for another 4 point major and Buddy was again WD for 2 more points giving Pauli a total of 12 points and 3 majors in her first two weekends in the Show Ring and Buddy a total of 5 points and one major for his second weekend out. Thanks to Judge Dr. John Shelton for also honoring these pups. Also a big thanks to Andy Linton and his assistant for the great job of handling Pauli. I personally handled Buddy for Rose Bednarski (His Owner) and I have been on "Cloud Nine" ever since.....Wow!!!! what a weekend with Dexx (BoDean's Six-Pack Dos Equis) winning a puppy Group 1 in Cheyenne, WY.

Historian Report

There is not a time I peruse the Historian records that I don't bless Carol for her excellent organization of these materials. Last year I personally received a box of original Ibizan Hound Club of America records from Jane Wilcoxson, past member and IHCUS secretary. Jane was given this material by Judy Bauer (Gallantree Ibizans), past secretary to IHCA.

I will organize, rebox these materials and donate them to IHCUS. Elizabeth Binney kindly donated two lovely illustrated books to our historian records.

Lure Coursing by Arthur Beaman, So You Want to Run your Sighthound, Denise Como.

There has been much discussion of late about the longest serving member of IHCUS. This person is Grace Hayford.

Who is Grace Hayford?

I have known Grace Hayford since 1974. Grace has never bred a litter or shown an Ibizan. Grace instead has given her heart to the breed. Over the years Grace has welcomed many Ibizans into her home. Grace considers them family. Grace has always been an enthusiastic supporter of club endeavors. Grace has welcomed us into her home when we were showing in her area. Grace has been a collector of my artwork and I have done many portraits for her.

Currently Grace shares her abode with a handsome big male "Tuttie" from the Delaware rescue a few years back, and her first wire, a large and lovely bitch named "Gypsy."

Members like Grace are the soul of any breed club, the pet owners that devote themselves to our sometimes most trying of breeds. Grace has been there for us through good and bad, and we should honor her loyalty. I believe the club should honor such loyalty. I volunteer to design and donate an award if the IHCUS so desires.

Judges Education

The Judges Education Committee, following its meeting at the National Specialty is preparing suggested changes in the approved Judges Education Presentation for submittal to the Board. These changes fall into two general categories: Corrections to errors and suggestions for improvements. We expect that these will be submitted to the Board in the next few months.

--Eric Liebes (Judges Education Chair)

Ways & Means

As I find myself alone on this committee I ask for some financial wizard to step up and take the chair. I have many ideas for T-shirts, raffles, etc.; but I need someone to do paperwork and organization. As ever,
Nan

Health Report

There are two new Ibizans who have received their CHIC numbers! They are: CH Gryphon's Courtjester Alfheim SC and DC Alisian Fields Kenzie of Kamar SC. For more information on CHIC and to see the tests required please visit the Canine Health Information Network website at www.caninehealthinfo.org. The next quarterly OFA report should be out in time for the next newsletter! Also, I'm hoping to start writing health related columns for the Third Eye again. Please email me your topic suggestions.

There have been a few inquiries regarding modifying the CHIC requirements to include mandatory Hip certification (OFA or PENN), BAER and CERF and moving the OFA Thyroid testing to optional. Please email me your opinion.

The second inquiry was a phone call from a gentleman who is considering purchasing an Ibizan Hound and is in the process of researching the breed. He was curious about the differences between the two coat types. He asked if they were shown in the same class and, other than coat, if there were any differences in the standard or personality.

President's Report IHCUS Annual Meeting

This unprofessional and disgusting tirade of lies, four-letter rants, and unprovoked attacks have come from only a handful of club members. The majority of IHCUS members are well spoken on the lists, will take the time and effort to offer solutions if there is a problem instead of attacking and spreading rumors, will talk personally to the individual or group being lied about instead of simply believing the lie, don't have an ego-driven motive or agenda for each of their actions, and they simply love their dogs and want the best for them.

As one Board member put it, "When you're on the Board, it means you are in every DAY constant communication with the Board. There are times when a vote needs to happen IMMEDIATELY, sometimes within hours, so things can move along. When something comes to us that's pressing, Amanda gets the word out immediately, so we can go thru the proper procedures to get things done right. We do late night monthly meetings, we have to make quick decisions and we also have to be masterful at knowing the bylaws in and out.

unknown reason, made it their business to sabotage this Board and cause unrest in the Club by spreading lies and unfounded rumors. You know who you are, and we know who you are. One club member has conducted a personal campaign of calling members individually for the sole purpose of attacking myself and other Board members on a personal, business and club level. The statements this person is making are outright lies. We know who you have called and what you have said, and you should be ashamed of the stress you have caused to some very good people. Unfortunately, some people like to believe lies, and some of those people choose to join in with the lynch mob mentality, making vicious attacks on public lists against Board members who they have never spoken to, met, or know the truth about. It reminds me of some third world country where violence and condemnation abound, all stemming from a lack of knowledge and the lies of a corrupt leader. You should be very ashamed of yourselves.

The President's letter from the Annual Meeting was sent in by the President to be read at the Annual Meeting and published in the last newsletter. It did not appear in the last newsletter, so it is being published here.

President's report; Annual meeting 2008

To the membership of IHCUS: a reminder that "When we judge or criticize another person, it says nothing about that person; it merely says something about our own need to be critical"

I want to express my thanks to the current Board for their dedication and resilience in the midst of very unfair criticism based on lack of knowledge. I have been involved in IHCUS for many years, and the current Board is made up of some of the most hard working and devoted Club members that I have had the pleasure to be involved with. This Board has spent countless hours working every day on Club business.

There are a few Club members, one in particular, who have, for some

This isn't to "glorify" us volunteers on the Board, but I feel some members out there think we have some higher agenda than to serve the members. I can't speak for anyone except myself, however, I DO feel this Board has the club's best interests at hand. I've said it in the beginning and I STILL stand behind that statement. This may sound harsh, but frankly, I have BETTER things to do with my life than be on a Board of a national breed club JUST to ruin other people's lives. I have my OWN to worry about! Life is too short to just run around causing trouble for other people! Plus, you catch more flies with honey than vinegar, so why bring negativity? Positivity and humility is where it's at and the rewards are MUCH MUCH better!"

I can assure you that the statement of this one board member is reflected in the thoughts and actions of almost every other Board member. The criticism and outright attacks from club members to the Board is unprovoked, unfair, and completely out of line. It is only due to the professionalism of the Board in their controlled response, or lack of response, to certain lunatic-type posts that have prevented the IHCUS list from reverting to utter chaos.

Do you know what one thing will cause more club members to not renew their memberships more than anything else? Disharmony caused by other club members who go out of their way to cause unrest and chaos.

In this club I do not, as President, have a vote. I have tried to remain pretty neutral on this Board of members who are very different in their way of thinking and very strong in their opinions. I have led the Board toward fulfilling what they need to do, and have allowed them to do it in their own way, without interference...only guidance...so they can make their own informed decisions.

I will not be pushed to respond to cursing or attacks on the IHCUS list. To do so would only cause more turmoil. As Abraham Lincoln once said; "The time comes upon every public man when it is best for him to keep his lips closed." I, and the current Board, know how hard they work and how fair and honest they have been in their decisions. That, I am sad to say, has been their only reward during this term.

As a club filled with members from very different backgrounds and with very different opinions, we will not

always agree. This is a good thing: it is healthy, positive, and good for the IHCUS. I congratulate and encourage those club members who offer help, and provide suggestions for improvement in a positive way. To those few members who have said that they want to take over the Club, and are attempting to do this by publicly attacking other members and causing unjust stress for everyone else, you should be ashamed of yourselves.

Letter from the Editor

Hello to all –

This being my first issue of the Third Eye to produce, I envisioned some difficulties but an overall fun and creative process. Was I in for a shock! This has definitely been one of the most difficult projects to organize and keep up with I have had to deal with in a long time. However, as the pages started coming together and I could see an end in sight, the excitement of creation took over again. While there are going to be differences, I'm hoping to keep them slight for now. I always welcome ideas for new and different articles or features.

I hope to continue improving each and every edition. Creating a lot of this from scratch has taken more time than I realized. However, now that a lot of

the basics are completed and I have one edition under my belt, each one should get to be a smoother process.

A little background for those that may not know me and a refresher for those that do, I have 3 dogs – Sunshine, 14 year old mixed breed; Scarlett, 8 year old Ibizan; and Taylor, 5 year old Ibizan. I have been active in flyball, agility, and conformation. While I have had to take a break from dog activities due to school, moving across country twice, getting married, and multitudes of other activities it is very exciting to start getting back into the activities that I love.

Taylor and I have been going to agility classes for the past year. It has been incredible to watch him develop and learn new obstacles. I have also grown as a trainer and strengthened our bond. Going to class teaches us more than just obstacles. We learn how to behave around small dogs, migrating geese that do

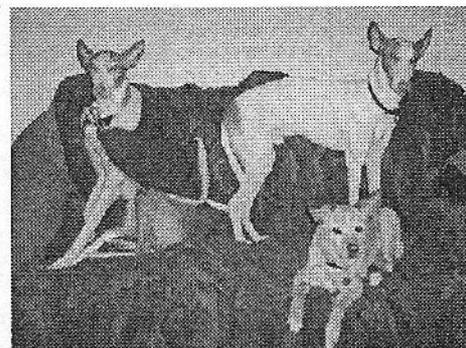

fly-bys about 50 feet above the ground, golf carts, and how to focus on each other and communicate in ways that will result in a flawless run. We are hoping to start competing in the next few months – and have several brags to add to the next issue!

I also want to publicly thank Kristic Stocker for her help and advice getting this newsletter transitioned over to my creative processes. She has done an incredible job and I am thankful for such a wonderful resource during this process.

Here is to a new adventure – I may not check my email every day, but please feel free to contact me with any Third Eye issues at: thirdeycceditor@yahoo.com

Puppy dog kisses to all!
